FLEX FOR SUCCESS

Throughout the planning process and on-site, we provide creativity, confidence and comfort by delivering "Flawless Execution" with a hospitality approach. As part of our continued effort to improve upon our service standards, we have developed a program called FLEX 7. At the conclusion of your event, you will receive a survey via email from our home office. Our goal is to obtain the highest score (7) in every area of customer satisfaction. We look forward to providing you with the best service and audio visual equipment in the industry.

AUDIO VISUAL SERVICES

EVENT PLANNING & EQUIPMENT SELECTION

From the simplest presentation to complex video projection, from concert sound to stage lighting, Swank Audio Visuals offers you the finest professional meeting and convention services available anywhere. As an audio visual rental company whose experience pre-dates color motion pictures, television and both audio and video tapes, we have been part of the most profound changes in the way people communicate.

We offer you direct access to millions of dollars worth of our equipment. Keeping abreast of the latest hardware, and making it available to our customers, has been our full time job for over half a century.

We will assist you in equipment selection, choosing exactly the right systems for the situation. As members of your meeting team, we will conserve your valuable time and because we routinely double-check both our planning and our equipment, there will be no surprises and no last-minute hassles. The professionals at Swank Audio Visuals are dedicated to making your meeting a successful one.

PROFESSIONAL TECHNICAL ASSISTANCE

We employ an experienced staff of professional technicians trained in all aspects of projection, video, audio, and lighting available for your meeting. If you have extensive or specialized audio visual requests, a professional technician is recommended. With some equipment, a technician is required for successful operation. If you would like the services of a professional technician to be assigned and dedicated to work with you, we will be glad to make these arrangements in advance of your meeting.

A labor charge on audio visual equipment will be applied for the set-up and pre-testing of equipment, including the safety tape-down of cables, additional power cords, and the pack-up and removal of equipment at the conclusion of your event. Some equipment requires a minimum charge for a technician at the prevailing hourly rate for technical assistance.

Cancellation of audio visual equipment with less than a 48-hour notice will incur the full equipment, setup, removal and labor charges. Cancellation of a technician with less than a 48-hour notice will incur the minimum five-hour labor charge at the prevailing hourly rate for technical assistance.

SPECIALTY PACKAGES

3C Package Please call for quote

With Swank's 3C Package you can be assured that every aspect of your event will instill a **creative** energy for your attendees, build a sense of **confidence** for your presenters and supply a **comfortable** feeling that all your audio visual needs have been anticipated by an experienced team.
